CHANGE
STARTS HERE

A Video Montage of the NE PANS/PANDAS Conference is available for viewing! Be sure to check it out..

Thank you Lisa Grisolia for putting together this beautiful video of the conference. It is an inspiring recap of the weekend. We will continue to work hard on behalf of all the children, parents and doctors that need help. Thanks for your continued support.

CAN WE COUNT YOU IN?

We Need Your Help Promoting A Breakfast for Doctors and Members of the Medical Community

If you are a doctor or member of the medical community, please join us for an informative breakfast with local and national PANS & PANDAS specialists discussing their treatment protocols, latest research findings, case studies and answering your questions.

This is a great opportunity for doctors, psychiatrists, physician's assistants and anyone in the medical community interested in learning more about PANS/PANDAS.

If you are a parent, please promote this event and encourage your child/children's doctors to attend. To print out a flyer with the details [Click Here to go to our events page and find the PDF icon!](#)

There is a bill in Massachusetts that has been submitted and referred to the Joint Committee on Financial Services in regards to PANDAS/PANS.

WE NEED YOUR HELP! It does not matter if you live in Massachusetts or not, your voice counts no matter where you live.

We know this bill is just for Massachusetts, but one step can have a ripple effect across the country. We have to start somewhere and this is happening now!

The bill's number is H 984-an act relative to insurance coverage for PANDAS/PANS.

PLEASE! Tell us about your family's experiences with PANDAS/PANS. Do you have an IVIG success story to share with the Legislators. Have you battled with insurance companies for coverage of treatments recommended by your doctors. Have you experienced financial hardship because of this disorder. Share your story and have it heard by the Legislative Committee. Email your story to pandaspanma@gmail.com
